

Arthur Watson and the Summer Camp Werewolf

Arthur, a clever young boy known as his Class Detective, is looking at a boring, lonely beginning of summer since all of his friends will be gone. His mother signs him up for summer camp, but his friend Reggie says that Camp Denth Hill is haunted! Arthur doesnt believe in ghosts and monsters, so he isnt afraid- at least not during the daytime. Arthur will have to make new friends and put his detective skills to the test if he hopes to survive the camp food, the bully, the poison ivy, and monsters- if they really exist.
