

The Path of Prosperity

A powerful self-help book from one of the early giants in the field, showing that positive change can occur by changing the way you think. This book will guide you in creating new attitudes and new reactions toward all challenges in life. Many of these hurdles will be overcome that would otherwise not be met wisely or with proper action. Many swear this book has changed their lives completely. Achieving real prosperity is not all about money, but includes all areas of life. Allen said, I dreamed of writing a book which should help men and women, whether rich or poor, learned or unlearned, worldly or unworldly, to find within themselves the source of all success, all happiness, all accomplishment, all truth... and now I send it forth into the world on its mission.
