

# Learn To Crochet In An Hour: Yes, It Really Is That Easy To Learn How To Crochet (How To In An Hour Book 1)

This super book will take you from crochet virgin to happy hooker in an hour! Ah, I'd love to be able to crochet, but crochet is really hard. NO IT IS NOT! Crochet is really easy and fun to learn IF you use the right instructions, and this book has the right stuff! We found a lot of traditional how to crochet books were very wordy but not very visual. No wonder people struggle! Our book contains clear illustrations of each step of every stitch and we have created seven over the shoulder tutorial videos especially for you. The links are available in the book. We have focused on keeping everything as simple and clear as possible with no distractions.
