

Pure Morning

Kay is unhappy with her life and herself. When she is pulled into an alternative world without sunlight by Wickes, the cat demon, she is forced to look outside herself and confront what she has been turning away from. She meets new and unusual creatures and characters throughout her travels, including the Salem tribe who accept her into their way of life. But catastrophe occurs when the village is attacked and Kay has to face beasts which have more connection to her than she realises. A tale of adventure, growth, fear, hope, despair, friendship, sadness, darkness and light and the importance of what's inside you.
