

Star Wars: Splinter of the Minds Eye (1995-1996) #4 (of 4)

Mimban is like a million other planets in the galaxy a lot of trees, too much mud, and not much else. But one of Mimban's abandoned temples holds a powerful gem the Kaiburr crystal capable of magnifying and clarifying one's perception of the Force. Luke and Leia know it's somewhere and so does Darth Vader. And that makes Mimban a whole lot livelier right now than those other planets!
