

Working Class Hero: Never before in history has so much been hidden from so many by so few.

Working Class Hero is the remarkable autobiography of an ordinary man with an extraordinary life: Right from the get-go John St. John has taken on challenges where angels fear to tread. In a career spanning four decades and two continents John has re-invented himself as a boutique owner in the swinging England of the sixties, country hotel manager, fashion photographer, limousine driver to the Rich & Famous and much, much more! John's insights into the working life go beyond the hum-drum predicament of making a living. John St. John takes the reader behind the scenes into a world that many rarely see and dares to tell all.
