

Salems Legacy (Vengeance Trilogy Book 3)

History is the story of events, with praise or blame. Rebecca Kelly believes in the latter. After months of traipsing through the wilderness, she and her companions arrive in colonial Boston to bring vengeance against those aiding in the deaths of their loved ones. When Rebecca finds the city a foreign hunting ground littered with spies, fate forces her to align with strangers. Questioning identities, motives, and loyalties, she discovers the plots that began in Salem stretch further than anyone could have imagined and it will be her actions which determine whether history attributes praise or blame to the true masterminds of Salems legacy.
