

Dictionary of Banking (Business Dictionary Series)

Organized to provide information easily and rapidly, it is a defining work rather than a compilation of facts by a prominent lexicographer. Defines over 7,500 current banking terms, including commonly used symbols, acronyms, abbreviations and more. All the terminology has been reviewed and revised to reflect the latest industry practices, legislation and regulations in order to provide readers with the most up-to-date glossary of banking and related terms available.
